

Dr. Debishree Khan, Scientist-D at CSIR–National Environmental Engineering Research Institute (CSIR-NEERI), Nagpur, was nominated by the Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, to represent India at the SACEP Regional Workshop on "Accelerating Waste Methane Mitigation in South Asia for Climate, Health and Development Co-benefits" held in Colombo, Sri Lanka.

She presented India's waste sector GHG inventory efforts, key national initiatives, and recent advancements in waste management and methane mitigation, while highlighting India's leadership in developing a regional methane roadmap for South Asia. Her presentation was well appreciated by the organizers and participating delegates.

Her participation underscores India's commitment to fostering regional collaboration, sharing best practices, and advancing sustainable waste management and low-carbon development across South Asia.
