

CSIR-NEERI Director elected Fellow of Indian National Science Academy

Dr. S. Venkata Mohan, Director, CSIR-NEERI has been elected as a Fellow of the Indian National Science Academy (INSA), one of the country's premier scientific academies.

His pioneering research in sustainability-driven bioengineering, circular bioeconomy, biorefineries, low-carbon energy and waste-to-wealth technologies has led to impactful innovations in wastewater treatment and CO₂ bio-sequestration.

With 450+ research publications, 16 patents and 47 Ph.D. scholars supervised, Dr. Mohan's globally recognised work continues to advance sustainable environmental research and strengthen India's leadership in environmental biotechnology.

*Heartiest
congratulations*

to

Dr. S. Venkata Mohan

on this distinguished recognition!
