

Dr. Nidheesh P. V., Scientist F, delivered a plenary lecture titled "Reactive Chlorine Driven Peroxymonosulfate Activation for Dye Degradation" at the International Conference on Advanced Materials and Sustainable Technologies for Environmental Remediation, held recently. The conference was organized by the Inter University Instrumentation Centre (IUIIC) in association with the School of Environmental Sciences (SES), Mahatma Gandhi University, Kottayam (Kerala). In his talk, Dr. Nidheesh highlighted the critical role of chloride in advanced oxidation processes, emphasizing its significant contribution to real-world wastewater treatment applications. Dr. Nidheesh also served as a session chair during the conference.
