

Dr. N. Kalaiselvi, Director General, CSIR and Secretary, DSIR inaugurated the NEERI Testbed Facility along with the Up-flow Compact Constructed Wetland (UCCW)-based Sewage Treatment Plant (STP) at CSIR-NEERI on the occasion of its 68th Foundation Day. The Testbed Facility showcases a range of solutions, including NEERIKSHAN-AQ for air quality monitoring, Aco-Pan, Compact Green Noise Barrier for noise pollution control, etc. which are tested and validated before large-scale implementation.

Dr. Kalaiselvi emphasized the importance of translating S&T achievements into scalable solutions for societal benefit.
