

Call for papers

The workshop will have invited lectures from both the countries. In addition to these, a few contributory technical papers will be considered for oral presentation and the rest for poster presentation.

Registration

All the academicians, students, researchers and industrialist, who are working on waste to wealth are requested to participate. All the participants are requested to register through online : www.ampri.co.in/IGW3

Deadline : 12/02/2019
Acceptance of abstract : 15/02/2019

Registration Fee

Indian Delegates : Rs 5,000/-
Indian Students : Rs 3,000/-
Foreign Delegates : \$ 100/-
Foreign Students : \$ 50/-

Advertisement in Souvenir

Back page colored : Rs 30,000/-
Front and back inner (colored) : Rs 20,000 /-
Others (B&W) full page : Rs 15,000 /-
(Includes one free registration)

About CSIR-AMPRI

CSIR-AMPRI is known for its world class status in the area of engineering materials, components and process development. The institute has a team of highly qualified and experienced researchers, professionally trained in the area of material science and engineering. CSIR-AMPRI has converted various industrial wastes like red mud, fly ash, brine sludge, rice husks, agro-industrial wastes etc., into radiation shielding tiles and aggregates, paver blocks, tetrapod, wood substitutes, EMI shielding materials etc.

About Bhopal

Bhopal is the capital of Madhya Pradesh (M.P.). Also known as the City of Lakes for its various natural as well as artificial lakes. It is one of the cleanest and greenest cities in India. The city is considered as the jewel of M.P. A rich history and very interesting culture has endowed quite some seen to Bhopal. Tourist places like Bhimbetka Caves, Birla Temple, Tajul Masjid, Sanchi, State Museum, Bharat Bhawan, Science Centre, Gohar Mahal constitute an interesting mix of destinations to visit. The Upper lake, created by Raja Bhoj in the 11th century, is the oldest man-made lake in India.

Indo-German Workshop on "Waste to Wealth"

25-26 February 2019
@CSIR-AMPRI, Bhopal, India

CSIR-Advanced Materials and Processes
Research Institute, Bhopal, India

Martin-Luther-Universität Halle-
Wittenberg, Halle, Germany

BauMineral GmbH, Germany

Sponsored by:

Indo-German Science &
Technology Centre

Scope of the Workshop

The "Indo-German Workshop on Waste to Wealth" is jointly organised by CSIR- Advanced Materials and Processes Research Institute, India, Martin - Luther - Universität Halle-Wittenberg, Germany and BauMineral GmbH, Germany. It is sponsored by Indo-German Science & Technology Centre. This Indo-German workshop aims to foster the discussion among the researchers and industrialist from both the countries to discuss about the possible utilization of waste. Most of the renowned scientist and industrialist from both the countries, who are working on the beneficial utilisation of industrial till municipal waste, have shown their keen interest in the active participation in this workshop and to have wonderful scientific discussions. This workshop will act as a good platform for mutual interactions among the participants of both the countries and to solve one of the current existing global challenge i.e. "waste utilization".

The Important Themes of the Workshop are:

- Extraction of minerals from the industrial and e-waste
- Secondary cementitious materials
- Conversion of industrial waste into construction materials like tiles, paver blocks, concretes, etc.
- Plastic to fuel, tiles and other construction materials
- Agro waste to wood substitute, bio-compost, fuels etc.
- Municipal waste to fuel and bio-compost
- Waste water purification

Patron

Prof. Avaniish K. Srivastava
Director, CSIR-AMPRI, Bhopal

Indian Coordinators

Prof. Sunil K. Sanghi, CSIR-AMPRI, Bhopal
Dr. Shabi Thankaraj Salammal, CSIR-AMPRI, Bhopal

German Coordinators

Prof. Herbert Pöhlmann, Martin-Luther-Universität Halle-Wittenberg, Halle
Mr. Dirk Brandenburger, BauMineral GmbH

Local Organizing Committee

Chairman
Prof. Sunil K. Sanghi

Co-Chairman
Dr. Mohd. Akram Khan &
Dr. Manish Mudgal

Convener
Dr. Deepiti Mishra

Organizing Secretary
Dr. Shabi Thankaraj Salammal

Members

Dr. R.K. Morchhale	Dr. Muhammed Shafeeq M.
Dr. D.P. Mondal	Dr. Sarika Verma
Dr. SAR Hashmi	Dr. J.P. Chaurasia
Dr. A. K. Singh	Dr. Mohammad Ashiq

Dr. Edward Peters	Er. H. N. Bhargaw
Mr. Deepak K. Kashyap	Mr. Mohit Sharma

Confirmed German Speakers

- Prof. Herbert Pöhlmann, Martin-Luther Universität Halle-Wittenberg
- Prof. Thomas A. Bier, Technische Universität Bergakademie Freiberg
- Prof. Bernhard Middendorf, Universität Kassel
- Dr. Christoph Wünsch, Technische Universität Dresden
- Dr. Carsten Gellermann, Fraunhofer Institute for Silicate Research ISC
- Dr. Andreas Ehrenberg, FeHs Institute für Baustoffforschung
- Dr. Satyanarayana Narra, Deutsches Biomasse Forschungs-Zentrum
- Mr. Dirk Brandenburger, BauMineral GmbH
- Mrs. Sabrina Galluccio, Martin Luther Universität Halle-Wittenberg

Confirmed Indian Speakers

- Prof. Anupam Agnihotri, Director JNARDDC
- Prof. N.B. Singh, Sharda University
- Prof. Subash Chandra Mishra, NIT Rourkela
- Dr. Rakshak Kumar, CSIR-IHBT
- Prof. Sirajuddin Ahmed, Jamia Millia Islamia
- Dr. Jayasankar K, CSIR-NIIST
- Dr. R.B.P. Jaiswal, NALCO
- Dr. Sudipta Saha, Prism Johnson limited
- Mr. Rajiv Satyakam, NTPC Ltd
- Dr. M Jayakumar, CSIR-CECRI
- Prof. Anand B. Rao, IIT Bombay
- Dr. Thallada Bhaskar, CSIR-IIP
- Prof. Aditya Kumar, IIT (ISM), Dhanbad
