"BY reducing dependency on environment, can help conserve it. Olava Foundation's vision and work in the field of environment in this regard is very important," said Dr Atul Vaidya, Director, NEERI, at the inaugural function of Olava Foundation, recently.

Prashant Mendhi in his presidential address spoke about the organisation's initiative and work. "The organisation has been conducting environment awareness sessions on water crises from July 16. It is necessary that we understand how the environment is changing. Human

quest for advancement any consideration for the environment has led to global warming". Uday Dighe conducted proceedings of the event.

The workshop began with lectures 'Rain water harvesting' by Arvind Kadbe, 'Lifestyle changes for healthy living' by Dr Sunil Arya, 'Vedic plaster and paint' by Vaibhav Khamgaokar, and 'Organic farming' by Arvind Kadbe.

Dr Chandrakant Ragit, Pro VC, Mahatma Gandhi Hindi Vishwavidyalaya, congratulated the organisation for their consistent efforts.

Ulhas Shete proposed a vote of thanks.
