

# One-day Workshop on Water Resource Management in the Changing World

December 1, 2023  
at  
CSIR-NEERI, Nagpur (India)

CSIR-National Environmental Engineering  
Research Institute (NEERI)  
Nagpur – 440020, Maharashtra- India

## Introduction

Human development and population growth exert many and diverse pressures on the quality and quantity of water resources and access to them. During the past few decades, the stress on water availability has grown, and its quality is deteriorating. The water resources sector is presently encountering a series of interlinked issues that, if not dealt with in totality, may have serious ramifications in the long run. Population explosion, unpredictable rainfall patterns, natural calamities, and climate change further affect water resources. It is common knowledge that there is no life without water; the reference is not just water but safe water.

## What is this event?

The Workshop is organized by CSIR-National Environmental Engineering Research Institute (NEERI), Nagpur, a constituent laboratory under Council of Scientific and Industrial Research, New Delhi. This Workshop is expected to draw experts from the Research and Academic Institutes, Industries, Government and Non-Government agencies working in the Water sector.

The strategic objective of the Workshop is to deliberate on the sustainability of the use of water resources both from the quality and quantity aspects. Experts will deliberate on the challenges associated with managing this vital resource, which plays a great role in the economic growth and development of the nation. The Workshop will provide a unique opportunity to exchange views and ideas on measures to sustain this vital resource in a changing world confronted with climate change and anthropogenic pressures to achieve Sustainability Development Goals.

Eminent experts from responsible agencies in the water sector, academic institutes, NGOs, industries and other stakeholders are invited to participate and present their views, research findings and futuristic measures within the themes of the Workshop.

The themes of the Workshop are as follows:

- ▶ Emerging water quality issues and technological options
- ▶ Sustainable water resource management in a climate change scenario

## What is its purpose?

The Workshop is an important event and provides a unique opportunity for scientists, Researchers, academicians and other stakeholders to exchange ideas, explore the state of the art and debate the key issues underlying the sustainability of water resources.

## Who will attend?

The Organizers expect 100 delegates from Government agencies, Industries, Academic/Research Institutes, NGOs and other stakeholders.

CSIR-NEERI warmly invite you to participate in this Workshop in Nagpur.

As a delegate, you will be able to network with leading professionals and update yourself on the state of the art in the domain of water resources management.

## Dates and Venue

The Workshop will be held on December 1, 2023 at CSIR-National Environmental Engineering Research Institute, Nehru Marg, Nagpur - 440020, India. The campus situated on NH-7. Nagpur is well connected by road, rail and air to most important cities.

## Poster Presentation

We invite posters on the Workshop themes from Students/ Researchers. The best three posters shall receive cash prizes and the rest participation certificates.

## We invite Delegates

Delegates intending to attend the Workshop will have to register before November 20, 2023

## Registration Fee:

Students : Rs. 1,000/-  
Delegates : Rs. 2,000/-  
On the Spot: Rs. 2,500/-

Last date of Registration: 20/11/2023

Confirmation of Registration: 25/11/2023

The registration fee may be made through RTGS as per following Bank details.

1.	The Director, NEERI, Nagpur
2.	State Bank of India (SBI), NEERI Branch, Nagpur
3.	A/c. No. 30266513766
4.	IFS Code No. SBIN0004224

The registration form can also be downloaded from [www.neeri.res.in](http://www.neeri.res.in)

## Sponsorship

The proposed Workshop is a prestigious event that water professionals from India will attend. It provides ample opportunity for industries, consultants, and organizations, including technical institutes, to interact with and publicize their services and products. The sponsorships to the conference are invited as per the tariff given below:

Platinum: Rs. 1,50,000/- (4 free delegates)  
Diamond: Rs. 1,00,000/- (3 free delegates)  
Gold : Rs. 50,000/- (2 free delegates)  
Silver : Rs. 25,000/- (1 free delegate)

The names of sponsors shall be displayed suitably at the venue.
